The image shows two screenshots related to Docker. The top screenshot is a Docker Desktop window displaying the 'Now, build the image' tutorial. It includes instructions on building a Docker image and a terminal window showing the output of the 'docker build' command. The bottom screenshot is a web browser showing the Docker Hub page for the 'uifd/ui-for-docker' repository. The page includes the repository name, a description, and a Docker pull command: `docker pull uifd/ui-for-docker`.
