Setting Up Application Environment
Docker Installation

Team ID	PNT2022TMID19453
Project Name	Project - Smart Fashion Recommender Application
Team Members	VishnuPriya D Santhiya M Santhiya T Srimathi K

Step 1 :

Go to the official Docker website:https://docs.docker.com/desktop/install/windows-install/
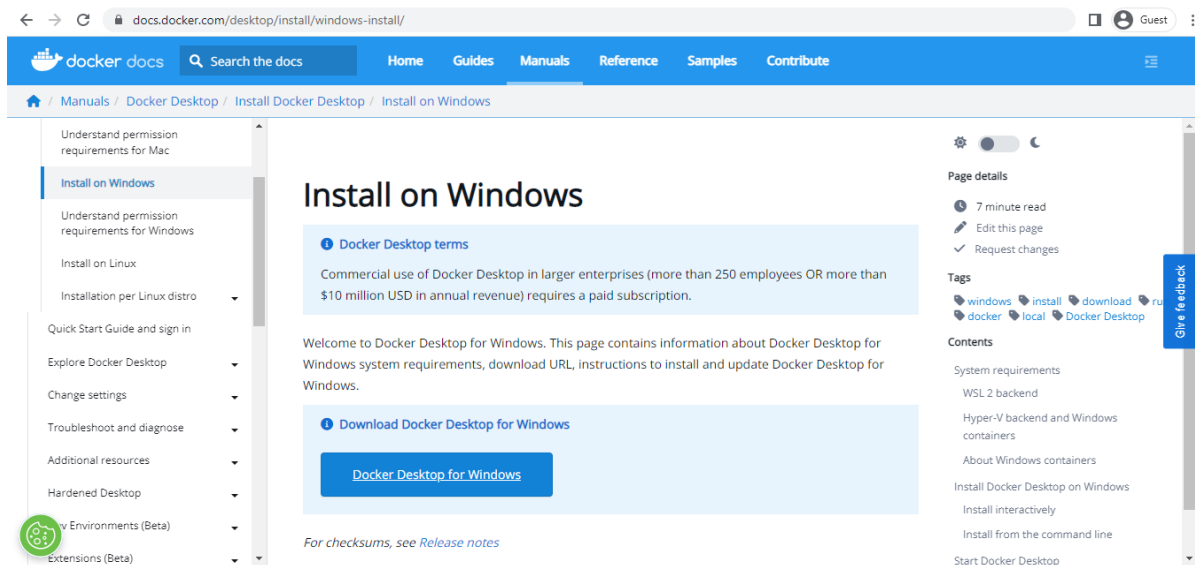

Step 2 :

Click the button (Docker Desktop for Windows) and download will start and it takes a few minutes to complete.

Step 3 :

Go to downloads in the browser or type ctrl+j, it will navigate to the download page and double-click the particular docker file.

Step 4 :

Now installation is completed. This icon was added to your desktop. Double-click the icon to start the docker app, you can register and login that app to access those credentials.

Step 5 :

Docker will start correctly, the left bottom side was shown in green color, docker will show the status of docker app working successfully.
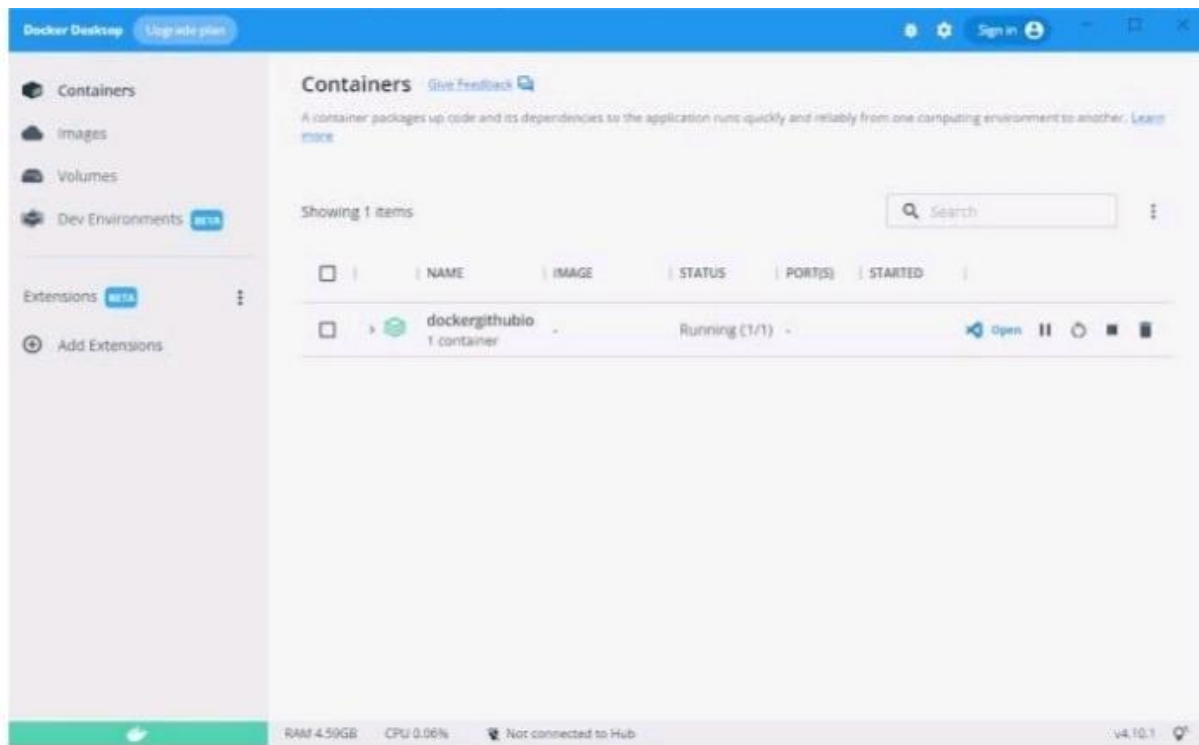

Step 6 :

Finally, the docker is installed successfully.
